The bonds, when sold, shall be and constitute valid and binding obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) The Treasurer shall sell the bonds authorized by the committee pursuant to this section. The bonds shall be sold upon the terms and conditions specified in a resolution to be adopted by the committee pursuant to Section 16731 of the Government Code.

5096.957. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Disaster Preparedness and Flood Prevention Bond Finance Committee is hereby created. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

5096.959. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The department shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the department in accordance with this chapter.

5096.962. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds that

include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and for the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds, as may be required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

5096.963. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

5096.964. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5096.965. Pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, the cost of bond issuance shall be paid out of the bond proceeds. These costs shall be shared proportionally by each program funded through this bond act.

5096.966. The bonds issued and sold pursuant to this chapter may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the electors of the state for the issuance of the bonds under this chapter shall include approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

5096.967. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

PROPOSED LAW

SECTION 1. SHORT TITLE

This Act shall be known and may be cited as "The Sexual Predator Punishment and Control Act: Jessica's Law."

SEC. 2. FINDINGS AND DECLARATIONS

The People find and declare each of the following:

(a) The State of California currently places a high priority on maintaining public safety through a highly skilled and trained law enforcement as well as laws that deter and punish criminal behavior.

(b) Sex offenders have very high recidivism rates. According to a 1998 report by the U.S. Department of Justice, sex offenders are the least likely to be cured and the most likely to reoffend, and they prey on the most innocent members of our society. More than two-thirds of the victims of rape and sexual assault are under the age of 18. Sex offenders have a dramatically higher recidivism rate for their crimes than any other type of violent felon.

(c) Child pornography exploits children and robs them of their innocence. FBI studies have shown that pornography is very influential in the actions of sex offenders. Statistics show that 90% of the predators

who molest children have had some type of involvement with pornography. Predators often use child pornography to aid in their molestation.

(d) The universal use of the Internet has also ushered in an era of increased risk to our children by predators using this technology as a tool to lure children away from their homes and into dangerous situations. Therefore, to reflect society's disapproval of this type of activity, adequate penalties must be enacted to ensure predators cannot escape prosecution.

(e) With these changes, Californians will be in a better position to keep themselves, their children, and their communities safe from the threat posed by sex offenders.

(f) It is the intent of the People in enacting this measure to help Californians better protect themselves, their children, and their communities; it is not the intent of the People to embarrass or harass persons convicted of sex offenses.

(g) Californians have a right to know about the presence of sex offenders in their communities, near their schools, and around their children.

(h) California must also take additional steps to monitor sex offenders, to protect the public from them, and to provide adequate penalties for and safeguards against sex offenders, particularly those who prey on children. Existing laws that punish aggravated sexual assault, habitual sexual offenders, and child molesters must be strengthened and improved. In addition, existing laws that provide for the commitment and control of sexually violent predators must be strengthened and improved.

(i) Additional resources are necessary to adequately monitor and supervise sexual predators and offenders. It is vital that the lasting effects of the assault do not further victimize victims of sexual assault.

(j) Global Positioning System technology is an useful tool for monitoring sexual predators and other sex offenders and is a cost effective measure for parole supervision. It is critical to have close supervision of this class of criminals to monitor these offenders and prevent them from committing other crimes.

(k) California is the only state, of the number of states that have enacted laws allowing involuntary civil commitments for persons identified as sexually violent predators, which does not provide for indeterminate commitments. California automatically allows for a jury trial every two years irrespective of whether there is any evidence to suggest or prove that the committed person is no longer a sexually violent predator. As such, this act allows California to protect the civil rights of those persons committed as a sexually violent predator while at the same time protect society and the system from unnecessary or frivolous jury trial actions where there is no competent evidence to suggest a change in the committed person.

SEC. 3. Section 209 of the Penal Code is amended to read:

209. (a) Any person who seizes, confines, inveigles, entices, decoys, abducts, conceals, kidnaps or carries away another person by any means whatsoever with intent to hold or detain, or who holds or detains, that person for ransom, reward or to commit extortion or to exact from another person any money or valuable thing, or any person who aids or abets any such act, is guilty of a felony, and upon conviction thereof, shall be punished by imprisonment in the state prison for life without possibility of parole in cases in which any person subjected to any such act suffers death or bodily harm, or is intentionally confined in a manner which exposes that person to a substantial likelihood of death, or shall be punished by imprisonment in the state prison for life with the possibility of parole in cases where no such person suffers death or bodily harm.

(b)(1) Any person who kidnaps or carries away any individual to commit robbery, rape, spousal rape, oral copulation, sodomy, or ~~sexual penetration in any violation of Section 264.1, 288, or 289,~~ shall be punished by imprisonment in the state prison for life with *the* possibility of parole.

(2) This subdivision shall only apply if the movement of the victim is beyond that merely incidental to the commission of, and increases the risk of harm to the victim over and above that necessarily present in, the intended underlying offense.

(c) In all cases in which probation is granted, the court shall, except in unusual cases where the interests of justice would best be served by a lesser penalty, require as a condition of the probation that the person be confined in the county jail for 12 months. If the court grants probation without requiring the defendant to be confined in the county jail for 12 months, it shall specify its reason or reasons for imposing a lesser penalty.

(d) Subdivision (b) shall not be construed to supersede or affect
